DONATION SUBMISSION

Thank you for considering a donation to DDNA. You may select the option of making an unrestricted donation or donating to a specific DDNA education-related activity. If you are a corporation and would like to make a significant or ongoing contribution, there are many ways in which your company can make a difference by supporting DDNA. Please call our office at 800-888-6733 and we can discuss your donation.

- Unrestricted donation**
I would like to make an unrestricted charitable donation to DDNA to be used for any purpose that advances DDNA's mission of education, care, and advocacy for nurse who provide care to persons with I/DD.
- Distance education**
I would like to help fund the development and distribution of education about intellectual and developmental disabilities that is accessible to nurses right where they live and work via live "webinars," audio programs, video programs, and web-based courses and testing.
- Speakers bureau**
I would like to help fund DDNA's speakers bureau to provide certified I/DD nursing experts to speak at other national nursing specialty organization conferences -- because all nurses -- in every specialty of nursing -- need to learn about best practices for the care of persons with I/DD.
- The International Journal of Nursing in Intellectual and Developmental Disabilities**
I would like to help fund the development and distribution of DDNA's free peer-reviewed journal, the International Journal of Nursing in Intellectual and Developmental Disabilities, and the ability of DDNA to offer continuing education (CE) to those who read journal articles and complete post tests.
- Conference scholarships**
I would like to contribute to a scholarship fund for deserving nurses who could not otherwise afford to attend the DDNA National Education Conference.

DDNA recognizes all donors by name on the Donor page of this website and in our newsletter. You may choose to make your donation anonymous. You also may make your donation in memory of or in recognition of someone special.
